Sub: Thanks for Financial Support

Dear Patrick,

This letter is to thank you for providing the financial support when I needed it the most. Your help came like lightning in the dark, I almost lost hope of getting an admission due to lack of money. Your helping hand has sorted my education. Today, I am able to get admission only because of you.

Thanks for always being there when I needed you. Friends like yours are the real jewel. I will be there standing with you in my full capacity, whenever needed.

Once again, I would like to express my sincere gratitude for helping me in difficult times.

Yours truly,

Jason Roy
